Party Authorized To Apply Mark: Same as Manufacturer
Report Issuing Office: Chicago

Control Number: 3055574

Authorized by: 
for Thomas J. Patterson, Certification Manager

This document supersedes all previous Authorizations to Mark for the noted Report Number.

This Authorization to Mark is for the exclusive use of Intertek's Client and is provided pursuant to the Certification agreement between Intertek and its Client. Intertek's responsibility and liability are limited to the terms and conditions of the agreement. Intertek assumes no liability to any party, other than to the Client in accordance with the agreement, for any loss, expense or damage occasioned by the use of this Authorization to Mark. Only the Client is authorized to permit copying or distribution of this Authorization to Mark and then only in its entirety. Use of Intertek's Certification mark is restricted to the conditions laid out in the agreement and in this Authorization to Mark. Any further use of the Intertek name for the sale or advertisement of the tested material, product or service must first be approved in writing by Intertek. Initial Factory Assessments and Follow up Services are for the purpose of assuring appropriate usage of the Certification mark in accordance with the agreement, they are not for the purposes of production quality control and do not relieve the Client of their obligations in this respect.

Standard(s):	Standard for Single and Multiple Station Carbon Monoxide Alarms (ANSI/UL2034 – 3RD Edition, Dated 2/28/08 with revisions through and including 2/20/09, Including Future Effective date of 02/20/15)
Product:	10-year Battery Operated Carbon Monoxide Alarm
Brand Name:	First Alert and/or BRK Brands, Inc
Models:	CO910V and CO910

AUTHORIZATION TO MARK

This document does not imply product certification nor authorization to apply the ETL-Listed Mark and should be submitted along with a valid Authorization to Mark from Intertek.	
Intertek Report Number:	101257859CHI-001
Intertek Issuing Office:	Chicago
CSFM BML Category:	5276 Single/Multi Carbon Monoxide Detectors
Applicant/Listee:	BRK Brands, Inc.
Standards Used:	Standard for Single and Multiple Station Carbon Monoxide Alarms (ANSI/UL2034 – 3RD Edition, Dated 2/28/08 with revisions through and including 2/20/09, Including Future Effective date of 02/20/15
Product Covered:	10-year Battery Operated Carbon Monoxide Alarm, models CO910V and CO910
Design	The product covered by this report is a Single-Station Residential Carbon Monoxide Alarm. The Carbon Monoxide Alarm employs Electrochemical Carbon Monoxide Sensor for the detection of Carbon Monoxide. It is intended for indoor residential use only. The product uses a 10 year non-replaceable lithium battery. The product also uses a feature that disables the unit from being installed after the 10 year life has expired. The product must be installed in accordance with the instruction manual, all local codes and NFPA 720.

Product inquiries should be made to Larry Todd, Intertek Chief Electrical Engineer at (503) 626-6694.

This Verification is for the exclusive use of Intertek's Client and is provided pursuant to the agreement between Intertek and its Client. Intertek's responsibility and liability are limited to the terms and conditions of the agreement. Intertek assumes no liability to any party, other than to the Client in accordance with the agreement, for any loss, expense or damage occasioned by the use of this Verification. Only the Client is authorized to permit copying or distribution of this Verification. Any use of the Intertek name or one of its marks for the sale or advertisement of the tested material, product or service must first be approved in writing by Intertek. The observations and test/inspection results in referenced from this Verification are relevant only to the sample tested/inspected. This Verification by itself does not imply that the material, product, or service is or has ever been under an Intertek certification program.
