Marine/Home UL/ULC Rated: 5-B:C

Description:

First Alert FE5R-PWCNA (UL listed Model No. FE5R) is a 1.4 lb. dry chemical fire extinguisher containing sodium bicarbonate fire extinguishing agent and complies with the Standard for Rating and Fire Testing of Fire Extinguishers, ANSI/UL711 and CAN/ULC-S508. It meets performance, listing and labeling requirements for dry chemical fire extinguishers as outlined in ANSI/UL299 and CAN/ULC-S504. It has a UL Classification 5-B:C. Dry chemical fire extinguishers are intended to be utilized in accordance with the Standard for Portable Fire Extinguishers, NFPA 10 and with the National Fire Code of Canada.

First Alert FE5R-PWCNA is a B-C fire extinguisher designed for personal watercraft use to fight flammable liquids and electrical fires. This unit meets Coast Guard Type B:C Size I requirements. It features a push button to check fire extinguisher pressure status. Simply push button in - if it pops back up, pressure is adequate for use. It comes with a plastic mounting bracket designed for easy and secure installation in personal watercraft vehicles.
