

FIRST ALERT™

Carbon Monoxide Alarm

First Alert Battery-Operated Carbon Monoxide Alarm with Backlit Digital Display

1039729

Be alerted to dangerous carbon monoxide leaks with the First Alert CO410 Battery-Operated Carbon Monoxide Alarm with Backlit Digital Display. This carbon monoxide detector uses an electrochemical carbon monoxide sensor. An easy-to-read backlit digital display allows a quick view of current and peak CO levels. This unit is powered by two replaceable AA batteries, offering peace of mind even during power outages.
